

# Personal Portfolio Website

- **What is Personal Portfolio Website?**

A personal portfolio is an online treasure of an individual where one can display his work, details about himself, completed projects in the past and better explain to clients why they must use his services for their advantages.

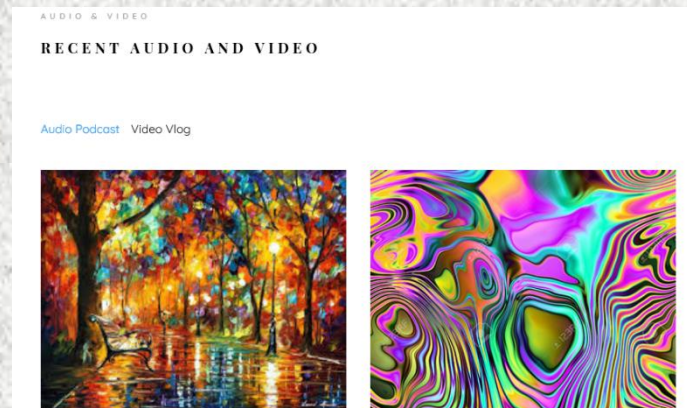

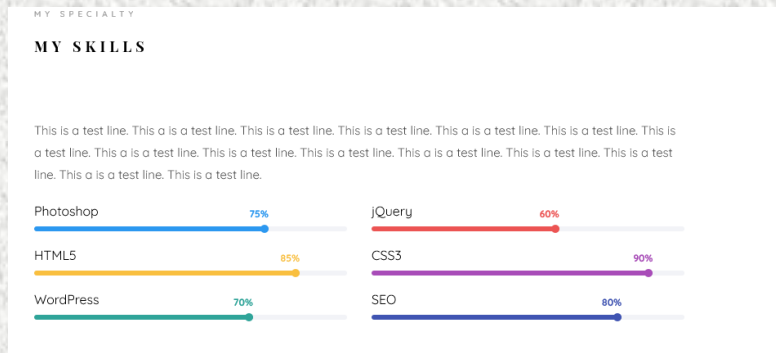

- **Equipment needed for the project**

- ✓ Operating System(Windows 10)
- ✓ HTML, CSS, JavaScript etc. as the programming languages for coding and designing stuff
- ✓ Bootstrap

- **Features and Interfaces of the Website**

- ❖ One can enter the website through a web browser.
- ❖ The site includes different sections like about, services, skills, education, experience, past work etc.
- ❖ It has audio podcast and video vlogs too.
- ❖ It also includes contact section to contact with the owner though email and contact number.
- ❖ It also includes links of the social sites( like facebook,linkedin etc.) of the owner.
