To: Dr. Nathu Ram Sarker, Director General, BLRI

Subject: An application for the permission of analyzing the management system of BLRI.

Through: Prof. Dr. Boshir Ahmed, Head, Department of CSE, RUET

Dear Sir,

With humble respect, this is to inform you that my name is Sabir Khan Akash. I am currently studying B.Sc. in CSE at Rajshahi University of Engineering and Technology (RUET). I am now at 4th year(7th Semester) of my academic session. In this semester, we have a course named "System Analysis and Design". For the lab session of this course, we've formed a group of 4 students as instructed by our corresponding course teacher and we have to contact any organization and analyze their system of any particular sector. After that we need to study through your system and design a system that will be beneficial for the organization. Lastly we'll have to make a report for that which will be submitted to our teacher of this course. So now, we are interested to analyze the management system of your organization (BLRI).

So, now we need your organization's permission for this academic course of us. Thank You.

Sincerely yours,

Aminul Hossain Sajjad (ID: 1603105)
